Strips of ground, of the width shown on this plat and marked "Public Utility Easement", are hereby dedicated to public utilities for the installation, maintenance, operation, enlargement and repair of utility facilities, whether above ground or below ground, with the right to trim or remove, at the discretion of the public utility, trees, overhanging branches, bushes, underbrush and obstructions. No structures other than such utility facilities shall be located within said strips of land and any fence located within said strips of land is subject to removal by a public utility, without liability, in the use of said easements by said utility.

Strips of ground marked "Drainage Easement" are dedicated for surface water and/or subsurface water drainage; provided, however, that public utilities are hereby permitted to cross such Drainage Easements with public utility facilities; and provided that such facilities are not placed in such manner as to impede the flow of water and further provided that such drainage easements may be used for ingress and egress and temporary staging areas for work by public utilities.
